

More Relevant

ACHC programs are created in consultation with representatives of the settings they address to ensure that they are appropriate and meaningful.

- Surveyors are licensed healthcare professionals and subject matter experts with practical understanding of the settings they survey.
- Survey teams are assembled to maximize value to providers by aligning knowledge and experience with the services being assessed.
- ACHC believes flexibility in meeting the standards does not compromise quality and our surveyors share and encourage best practice to help you raise the bar for your organization.

More Comprehensive

ACHC Standards address continuous improvement in clinical outcomes and effective operational practices to create a feedback loop for sustainable delivery of high-quality, patient-centered care. Standards for all programs cover:

- **Governance and Administrative Functions**
- **Clinical Functions**
- **Quality and Risk Management Functions**

More Educational

You need industry expert guidance to close the gaps and empower your team. ACHCU has you covered with a comprehensive suite of resources to further your success.

- Gain valuable insight through our healthcare accreditation webinars, workshops, tools, and custom education.
- HealthTrainU, a brand of ACHCU, is an IACET-accredited learning management system to simplify employee training and tracking for compliance.
- ACHCU Academy offers educational resources for hospital, laboratory, and ambulatory surgery center accreditation and certification programs.

We're here to help.

ACHC OFFERS MORE SO YOU CAN OFFER MORE TO YOUR PATIENTS.

ACCREDITATION COMMISSION *for* HEALTH CARE

More Experience

ACHC has a history of driving success with industry-leading programs.

- Beginning with community-based agencies, new programs have been added to meet customer needs with a goal to address the full continuum of care.
- PCAB, a brand under ACHC since 2014, is the recognized leader in compounding pharmacy accreditation based on USP guidelines.
- HFAP, the nation's original healthcare accreditation organization, joined ACHC in 2020. Its positive reputation for an educational, customer-centric survey aligns with ACHC values and adds acute care hospital, critical access hospital, clinical laboratory, ambulatory surgery center, and office-based surgery accreditation to our expanding portfolio of programs.

More Cost-Effective

ACHC provides clear information on accreditation survey costs with up-front, flat-fee pricing.

- ACHC is a single source accreditation solution providing flexible options for survey scheduling to meet the needs of individual organizations and comprehensive healthcare systems.
- Our consistency in process and evaluation of compliance reduces cost associated with:
 - Survey preparation.
 - Correcting deficiencies.
 - Maintaining accreditation readiness.
