2023 PREP subscriptions and pricing included in this catalog. Content access begins in January 2023.

Choose PREP Self-Assessments for board exam study, to earn credit or for lifelong learning.

PREP has provided authoritative and relevant educational assessments for improving child health for over 40 years. Turn to PREP throughout your career for comprehensive learning, to maintain practice standards, or to earn continuing education credit. PREP® Self-Assessments provide education and self-evaluation with practical clinical content in the form of case-based questions, critiques, and journal articles. With trusted PREP content, you can feel confident you are getting comprehensive learning that will influence patient care.

Browse through the following pages to find the subscription program that best meets your needs. When you're ready to purchase, head over to shop.aap.org for quick, secure online ordering.

Every subscription year presents new content!

Looking for comprehensive review?

The PREP The Curriculum package includes our 2 most popular subscription products providing you with all the authoritative resources you need for lifelong learning or MOCA-PEDS preparation.

PREP® Self-Assessment Features

- MOCA-PEDS content dashboard points to content that aligns with the 2023 American Board of Pediatrics (ABP) MOCA-PEDS objectives.
- Practice test gives access to bonus MOCA-PEDS related content.
- Practice-test module allows customizable exam content.
- Confidence-rating reports to help identify your greatest learning gaps.
- Includes direct links to Pediatric Care Online™ (PCO) resources.*
- MOC points transfer to the ABP on completion.

*PCO subscription needed to access full content.

Pediatrics in Review® Journal Features

- NEW Chronic Conditions feature.
- Clinical journal review articles mapped to ABP content domains.
- Index of Suspicion case presentations.
- Visual Diagnosis case presentations.
- In Brief articles.
- Online CME quizzes and a print issue answer key.
- Teaching slides by authors.
- Online article library dating back to 1979 with digital cases bonus issues.
- Current PDF monthly issue downloads.
- NEW AAP Publications platform tools for readers and researchers.
- Journal Insights monthly emails.

PREP THE CURRICULUM 1-year subscription includes

PREP Self-Assessment

Over 260 case-based questions with detailed explanations supporting the preferred response, along with a discussion of why other choices are incorrect.

Online Testing Tools and Resources

Boost your learning with PREP Pearl Flash Cards, practice tests, links to salient review articles, and more.

12 issues of Pediatrics in Review

Published monthly with case-based articles that aid clinicians in the proper identification of differential and actual diagnoses as well as therapeutic management of diseases and disorders.

Valuable MOC & CME credit

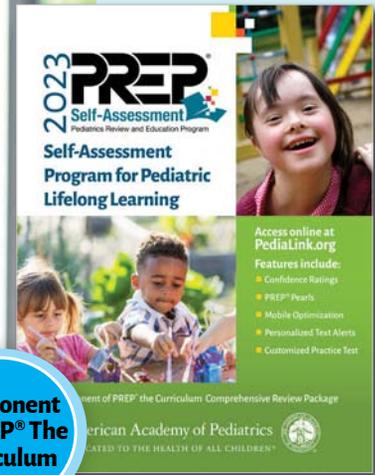

Round out your continuing education with PREP The Curriculum—includes online learning tools resources and valuable credit.

	PRINT & ONLINE	ONLINE ONLY
Nonmember	\$515	\$465
AAP Member	\$390	\$340

Subscription access begins in January 2023.

General pediatrics 2023 PREP® Self-Assessment is approved for 40 points of MOC Part 2 credit and the Pediatrics in Review® journal is approved for 30 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

Component
of PREP® The
Curriculum

PREP[®]

Self-Assessment

Pediatrics Review and Education Program

Component of PREP[®] The Curriculum package, also sold separately.

1-year subscription

With PREP Self-Assessment, you can identify your strengths and weaknesses with peer-reviewed questions, high-quality medical images, and detailed critiques. Also includes practice test features, performance results, and PREP Pearl Flash Cards to maximize your study time.

	PRINT & ONLINE	ONLINE ONLY
Nonmember	\$325	\$285
AAP Member	\$250	\$210

Subscription access begins in January 2023.

2023 PREP[®] Self-Assessment is approved for 40 points of MOC Part 2 credit.

Topics include

- Identify the extrapulmonary complications of cystic fibrosis.
- Prevent nonmedical prescription medication use.
- Recognize immune-mediated disorders associated with *Mycoplasma pneumoniae* infection.
- Screen patients for exposure to intimate partner violence.
- Recognize features associated with fetal alcohol syndrome disorder.

Focus on your priorities with enhanced online features!

Flash Cards

As you complete questions, open the PREP Pearl tabs to review randomized PREP Pearls in your lowest performing categories.

Results are summative, so the more questions you answer, the more PREP Pearl Flash Cards you can review. Sort by content area to focus on challenging content where concentrated study may be helpful.

SHARE CONTENT

Like and share PREP questions that are relevant to issues discussed or encountered in practice.

“PREP Palliative Medicine is an amazing resource: clinically relevant, extensively referenced, and clearly explained. The material is approachable for the pediatrician who is curious about what palliative care really is, and comprehensive enough that someone who’s been doing palliative care for a while—like myself—can still learn a great deal.”

—Robert Macauley, MD, FAAP, FAAHPM

This online self-assessment includes case-based content for physicians who want to learn more about palliative medicine and how to care for seriously ill children and their families.

Topics include

- Explore new therapies for patients living with spinal muscular atrophy.
- Know the indications for treating delirium.
- Discuss challenges faced by families undergoing clinical trials.

1-year subscription includes 10 questions per quarter, 10 MOC Part 2 points, and 10 CME credits.

Consider multiyear review packages to save money and get new content with each subscription year. Product years available for purchase as part of the multiyear package include 2021, 2022, and 2023. Refer to the pricing grid on page 14 for 3-year package details. These packages can only be ordered by phone.

To order multiyear packages contact AAP Member & Customer Care at 866/843-2271 or mcc@aap.org.

Maintenance of Certification (MOC) Information

The general pediatrics 2023, 2022, and 2021 PREP® Self-Assessments are approved for 40 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

2023 PREP® Subspecialty Self-Assessments are approved for 18 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program. The self-assessment component of NeoReviewsPlus™ is approved for 24 points of MOC Part 2 credit. PREP Hospital Medicine is approved for 26 points of MOC Part 2 credit. PREP Palliative Medicine is approved for 10 points of MOC Part 2 credit.

NeoReviews™ is approved for 10 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

Pediatrics In Review® is approved for 30 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

All approved activities must be completed by the MOC Credit Approval End Date. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician's ABP portfolio. Consult your ABP portfolio at www.abp.org for details about your specific certification requirements. For questions about how to access this activity, contact MOCPortfolio@aap.org.

To claim credit and find information on how to notify the ABP of your completion, refer to the Claim Credit pages of the self-assessments.

Please note: To claim MOC credit, subscribers must initiate transmission of MOC credits after all assessment questions have been completed and the established minimum passing score has been achieved in the online learner mode. A record of MOC credit claiming activity is located in the Manage ABP MOC Credit section of the AAP Transcript and Credit Management Tool.

Learn more about the American Academy of Pediatrics solutions for MOC at shop.aap.org/professional-education/maintenance-of-certification.

Consult your ABP portfolio at abp.org for details about your specific certification requirements.

CME Credit Information

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP Policy on Disclosure of Financial Relationships and Mitigation of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they have either no financial relationships or any financial relationships with the manufacturer(s)

of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and mitigated prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve "off-label" use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of these CME activities does not necessarily reflect the views or policies of the AAP.

AAP ANAHEIM 2022
 experience National Conference & Exhibition
OCTOBER 7-11, 2022
