

Prior Authorizations

Optimize your prior authorization workflow using AI and automation

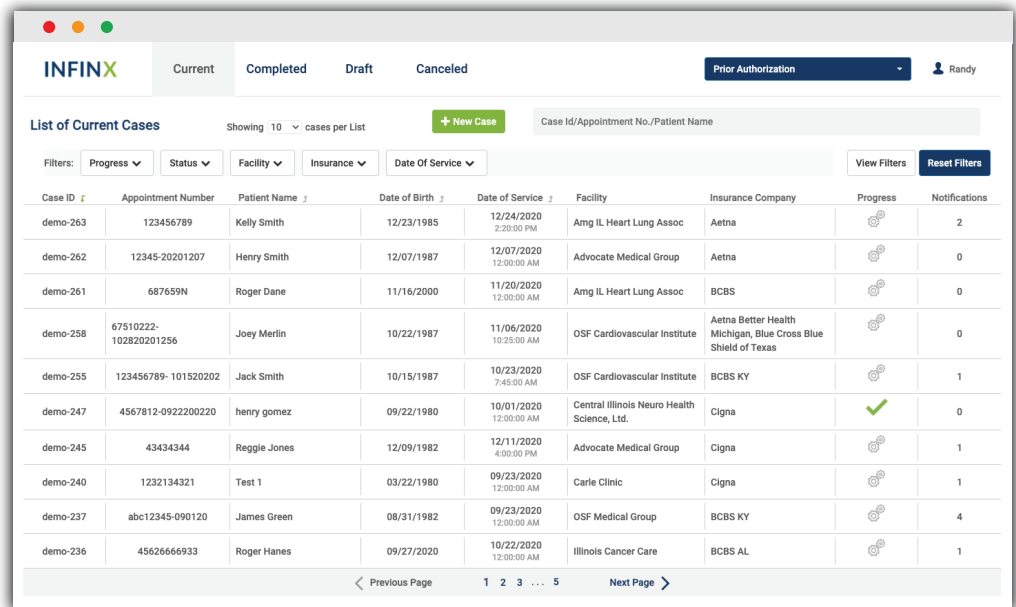

Our Infinx Prior Authorization Software (IPA) is a proprietary, cloud-based solution powered by artificial intelligence (AI) and automation to optimize your workflow. Our software can be used as a standalone web portal or integrated directly with your EHR/EMR/RIS/LIS.

What's Included:

- ✓ Unlimited end-users
- ✓ Full feature access
- ✓ No maintenance fees
- ✓ Free lifetime product upgrades
- ✓ Dedicated Customer Success Team

What You Get:

- ✓ Increased efficiencies through automation
- ✓ Reduced denials and appeals
- ✓ Seamless HL7 or API integrations
- ✓ Improved patient experience
- ✓ A more predictable revenue cycle

How We Do It

1 Is Authorization Required?

Evaluate and determine if a prior authorization is required or not.

2 Initiate and Submit

The claim is electronically submitted to the payer.

3 Status Checks

Automated follow-ups with payers and real-time status updates.

4 System Updated

The authorization approval package is automatically sent to your EHR/EMR/RIS/LIS.

Obtain Full Transparency Into Your Workflow

Reporting & Analytics Module

Infinx Prior Authorization Software solution delivers a comprehensive suite of reporting & analytics capabilities, including standardized and/or customized reports for all critical KPIs. Our **Reporting & Analytics Module** provides customers with the ability to generate custom raw data reports to be ingested into the clients business intelligence tool of choice.

We provide clients with full transparency into their prior authorization workflow, using real-time analytics and status reporting to track every claim.

OUR RESULTS

PRIOR AUTHORIZATIONS

- **Millions** of prior authorizations processed annually
- **98%+** prior authorization accuracy rate
- Average turnaround times are **24-48 hours** for standard procedures
- **<2%** denial rate
- **>50%** increase in cost efficiencies
- **>30%** boost in productivity

“We have cut 50% of our costs with Infinx. Now there are no appointment cancellations. Our urgent prior authorization requests are processed on time and our physicians no longer have to manage insurance companies.”

Executive Vice President
National Radiology Group
