## RADIOLOGY SERVICES

### Support From a National Network of Specialists

Envision Physician Services is a leading national medical group providing radiology services in partnership with clinical departments across the nation. We provide a greater scope of service than any other national radiology group, providing more than 9 million reads annually.

### INNOVATIVE SOLUTIONS THAT STREAMLINE CARE

We are focused on what matters most — our patients. By empowering our radiologists and our hospital partners with sophisticated technologies, including proprietary software and various AI integrations that enable timely, quality reads, we ensure the delivery of high-quality care to patients when and where they need us most.

#### Features

- A national network of subspecialty experts
- Proprietary case routing and quality improvement software
- AI integrations that streamline automated processes
- Local support from a dedicated medical director

#### Benefits

- Lower study repeat rates
- Improved interdepartmental efficiencies
- Improved TAT
- Reduced LOS
- Enhanced quality improvement and study review standards
- Lower overall cost of care

### CUSTOMIZED SERVICES THAT FIT YOUR FACILITY'S NEEDS

Our radiology model is customizable to your needs and includes a dedicated medical director who serves as a single point of contact for whatever operational support you may need. With on-site services and a comprehensive teleradiology network of off-site subspecialists, you can choose the services that best fit your facility's needs.
