ABOUT US

Founded in February 2016, Pelipost is a Better Business Bureau accredited business and has become the leader in correctional photo print fulfillment. Serving over 500,000 customers across the US and abroad, Pelipost has shipped over 10 MILLION photo prints to local, state, and federal correctional facilities.

Pelipost is based out of the greater Tampa Bay Area in Central Florida. Our photos are printed on the highest quality, commercial grade photo lab printers, using ink and paper materials supplied directly from the manufacturer.

In addition to our equipment is our dedicated fulfillment staff. All orders are processed in-house by our skilled, professional fulfillment employees. Pelipost is proud of the fact that we do not outsource or sub-contract any photo printing to third parties. Our commitment to customer satisfaction is reflected in our positive customer ratings across numerous platforms.

OUR FULFILLMENT CENTER

The Pelipost Fulfillment Center is the heart of our print operations. Our facility is secured via access-controlled keypads, video surveillance, and central alarm system. All orders are securely printed in-house, and shipped from this location, seven days a week.
