

JUSTICE

LET'S ENVISION A SAFER AND MORE HUMANE WORLD AND BUILD IT TOGETHER.

Law enforcement in the United States has entered an era of heightened awareness regarding the responsibility and sustainability of Justice and Corrections facilities. Building solutions must encompass these expectations while addressing an ever-evolving set of unique challenges. Chief among them are safety, security, operational effectiveness and balancing community needs and perceptions. Together we'll deliver a safe and secure facility that positively impacts the communities you serve.

At Granger Construction, we strive to truly understand our customers’ vision and aspirations. We listen intently, collaborate closely, and constantly and consistently build results that make a positive impact on the communities served. Our experience across multiple market segments - from healthcare and industrial to education and government- brings our customers a deep and broad range of expertise.

“Despite the complicated work and sometimes arduous task of managing multiple stakeholders, Granger showed true leadership by keeping our project on time and under budget. The team’s exceptional cost estimating and value engineering ideas allowed us to implement improvements beyond the original scope of work due to bid savings.”

Lt. Mark Burns | Jail Administrator
Muskegon County Sheriff’s Department, Muskegon, MI

SAFE • SECURE • SUSTAINABLE

“We feel very fortunate to have had the opportunity to work with Granger Construction on the Fairfield County Public Safety and Jail Facility. They provided comprehensive construction management services, right down to the coordination of the finish details and owner training. Granger has truly made this project a joy due to their attention to detail and their overall professionalism.”

Dennis R. Keller | Facilities Manager
Fairfield County Facilities Operations Department, Lancaster, OH
