Protect Your Mailroom

Corrections by Pigeonly provides a legal mail solution that allows correctional facilities to receive legal and non-legal postal mail without the risk of contraband, protecting the safety of employees and inmate population.

- All(non-legal) postal mail is printed and shipped from our secure, offsite facility eliminating the risk of contraband.
- Corrections staff can prescreen (non-legal) postal mail content and images digitally in advance of its arrival from a secure, web-based dashboard.
- Our multi-factor authentication (MFA) allows attorneys to send verifiable legal mail directly from their law office protecting attorney-client privilege.
- Does not require additional equipment or changes to current mail process or infrastructure.

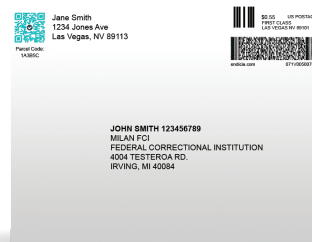

Why Pigeonly?

Pigeonly has been shipping contraband-free mail for over 6 years. we started in 2013 with Federal institutions only, and now ship mail to virtually every Correctional facility in the country.

- We ship contraband-free mail to over 3,900 correctional facilities per year.
- In 2018, we shipped over 78,800 pieces of contraband-free mail into the State of Pennsylvania alone.
- Our optimized mail fulfillment process handles millions of parcels per year
