

ABOUT US

JAB Trading Industries was established in 2001 and is family owned and operated. We began as a humble shoe stand providing affordable footwear to low-income communities from the side of the road in San Antonio, Texas.

Over the years, we have developed into a nationwide distributor of footwear and much more. We have set out to provide quality clothing, footwear, accessories, bedding, and hygiene products at low, affordable prices.

We specialize in servicing nonprofits and government funded programs that strive to better our communities.
