**FREE Faith-Based TV Programming  
to Rehabilitate and Reduce Recidivism**

**FOR CORRECTIONAL AND  
REHABILITATIVE FACILITIES**

## TBN 2ND CHANCE CAN CHANGE LIVES

### Here's what those on the 'front lines' are saying:

"TBN's programming is cross-generational, cross-cultural and multi-denominational which makes it a "win-win" proposition for every correctional facility."

**Chaplain Michael Reed, California Substance Abuse Facility/State Prison, Corcoran, CA**

"For the inmates in lockdown and segregated quarters who cannot attend the Chapel's open religious services, TBN serves as a lifeline and IS their church for many who watch the broadcast."

**Chaplain Yolanda Walker, Tennessee Prison for Women, Nashville, TN**

"I have seen programs come and go that have been of help to the approximately 1700 men here. One area that has been and continues to reach men here with a message of hope and inspiration is TBN. It is a ray of light in a very dark place!"

**Chaplain Robert Stilson, Eastern Kentucky Correctional Complex, West Liberty, KY**

"Offenders need a fundamental shift in how they perceive the world, transitioning from a vengeful mindset to one of grace, forgiveness and self control. Television programs that inspire inmates to re-examine those erroneous attitudes and teach values...can only have a positive effect."

**Richard Moran, Criminologist and Sociology professor, Mount Holyoke College, South Hadley, MA**

## KEY FEATURES OF TBN 2ND CHANCE

- **FREE** of any expense to state or federal governments or eligible correctional facilities. NO monthly subscription fees. All satellite dishes and receivers, including technical installation are fully funded by TBN 2nd Chance.
- Facility administrators may choose to receive up to four of our faith-based, commercial free channels offering quality programs 24 hours a day appropriate for both genders and geared to diverse ages, ethnic and religious denominations.
- Custom satellite installation features a virtually maintenance free 36" to 48" satellite dish, is easy to incorporate into a facility's existing television distribution system, and will be completed by a bonded satellite technician.
- Available nationwide in most geographical areas, along with "live" technical support (satellite requires "direct line of sight" in the Southern sky for American viewers).

Restoring Hope to Inmates

"It is a tool in taking them to the next level emotionally, intellectually and spiritually, and ultimately preparing them for a successful re-entry into society."

## OUR MISSION

TBN 2nd Chance is a faith-based initiative dedicated to ministering hope to the thousands of men and women incarcerated across America. We want to offer inmates a second chance to make good choices by providing positive, life-affirming television programming 24 hours a day.

## OUR OFFER

Using Ku band satellite technology, TBN 2nd Chance will make four of its unique faith-based networks available at no cost to eligible correctional facilities and re-entry centers, along with free satellite reception equipment and installation.

## YOUR CHOICE

Four different TBN channels are available (see accompanying descriptions). Each facility may elect to receive one, two, three or all four of the channels at the discretion of the warden or other authorized official. Once implemented in a correctional facility, we recognize this as an optional program with channels that will provide voluntary viewing opportunities for interested inmates.

California Institution for Women  
Corona, CA

## HOW TO REQUEST OUR TV NETWORKS

To be considered for the program, we recommend that you visit our website, [www.TBN2ndChance.org](http://www.TBN2ndChance.org). It offers information on how to apply for the program, who is eligible, satellite installation requirements, and commonly asked questions.

You will need to complete a site form on our website. Please note that if you have multiple facilities, each one will require a separate site form.

You may also e-mail [TBN2ndChance@tbn.tv](mailto:TBN2ndChance@tbn.tv) or call Toll Free at 855-222-8260 to have an application emailed to you.

## Four of our networks can serve a diverse prison population as follows:
